THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

**THE ISSUE FEE AND PUBLICATION FEE (IF REQUIRED) MUST BE PAID WITHIN THREE MONTHS FROM THE MAILING DATE OF THIS NOTICE OR THIS APPLICATION SHALL BE REGARDED AS ABANDONED. If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

II. PART B - FEE(S) TRANSMITTAL, or its equivalent, must be completed and returned to the United States Patent and Trademark Office (USPTO) with your ISSUE FEE and PUBLICATION FEE (if required). If you are charging the fee(s) to your deposit account, section "4b" of Part B - Fee(s) Transmittal should be completed and an extra copy of the form should be submitted. If an equivalent of Part B is filed, a request to reapply a previously paid issue fee must be clearly made, and delays in processing may occur due to the difficulty in recognizing the paper as an equivalent of Part B.

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Examiner acknowledges applicant's remarks with respect the rejection made under 35 U.S.C. 112, first paragraph, in the previous office action. Newly added limitations to the claims, particularly with respect to where the minimum and maximum values are configured to change and are "associated with each of said plurality of queries provided to the player", are considered found on the bottom of pg. 24 of the specification.

Likewise with respect to the rejection previously made under 35 U.S.C. 103 as being unpatentable over Walker in view of the teachings of Vancura, Martinez, or Kilby as set forth in the previous office action and further in view of Adams 5,848,932 and under 35 U.S.C. 103 as being unpatentable over Claypole 2,262,642 in view of the teachings of Vancura, Martinez, or Kilby and further in view of Adams 5,848,932, the prior art fails to fairly suggest minimum and maximum values configured to change and being associated with different queries.

In view of the recent decision to *In re Bilski* (Fed Cir, 2007-1130, 10/30/2008) and its application by the office, the examiner has that there is no danger that the scope of the claim would wholly pre-empt all uses of a principle in that applicant has now amended the claims to recite a "display". Thus it is the examiner's interpretation that the transformation of that raw data into a particular visual depiction of a physical object, such as the first and second outcomes of the game, on a display is sufficient to render the claimed method patent-eligible.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William Pierce whose telephone number is 571-272-4414 and E-mail address is bill.pierce@USPTO.gov. The examiner can normally be reached on Monday and Friday 9:00 to 5:00.

If attempts to reach the examiner by telephone are unsuccessful, communication via email at the above address may be found more effective. Where current PTO internet usage policy does not permit an examiner to initiate communication via email, such are at the discretion of the applicant. However, without a written authorization by applicant in place, the USPTO will not respond via Internet e-mail to any Internet correspondence which contains information subject to the confidentiality requirement as set forth in 35 U.S.C. 122. A paper copy of such correspondence will be placed in the appropriate patent application. The following is a sample authorization form which may be used by applicant:

*"Recognizing that Internet communications are not secure, I hereby authorize the USPTO to communicate with me by responding to this inquiry by electronic mail. I understand that a copy of these communications will be made of record in the application file."*

For further assistance examiner's supervisor, Gene Kim can be reached on 571-272-4463. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
